

Communication designer with a foundation in graphic and editorial design, illustration and art direction, and 3+ years as a Product and UI/UX Designer in banking. Combines that visual background with rigorous design systems and accessibility work. Looking to make the leap back into graphic design and art direction.

experience

february 2023 - now

Product (UX/UI) designer

NOVOBANCO

- * Audited and rebuilt the full design system (800+ component variants) to **WCAG 2.1 AA** standards, reducing design-to-development handoff errors and establishing accessibility as a baseline across all product teams.
- * Produced leaflets, email banners and video content for internal campaigns, and **wrote and designed newsletter articles** explaining interface and accessibility principles to non-technical teams.
- * Architected and delivered the Plataforma de Informação de Clientes, an award-winning client intelligence dashboard, as a solo designer; adopted by **400+ bank managers** and saving each an average of 4 hours per day.
- * Led end-to-end design of **3 Wealth Management products** (mobile and desktop), owning interaction patterns, custom component design, and UX writing from discovery through handoff.
- * Conducted UX research activities, including competitive benchmarking, user interviews, and moderated usability testing, in collaboration with service designers across **15+ UX/UI projects**.
- * Delivered Track Finance — a B2B/B2C credit tracking platform — as sole designer within a cross-functional team of ~10; **selected as one of 2 projects** out of 10+ submissions for production in an internal innovation programme.

Designer and Art Director

ESTÚDIO TIPO-GRAFIA

- * Created the visual identity for **Work from Centro de Portugal** (Turismo Centro de Portugal): icon system, digital manual and printed book of interviews.
- * Art direction, photo editing, **social media content and event posters** for clients in tourism, food and restaurants, dental care and professional sport, among others.
- * Delivered identity, editorial, web and illustration projects for **10+ clients**, in a multidisciplinary team of designers, developers, photographers and copywriters.
- * Designed and coded the studio's own identity and website, and a client website, end-to-end.
